

About Inverted Investment

2024

Inverted Investment LLC is an organization that revolves around INFI holders, steering all the innovative projects. INFI is the internal currency that underpins the entire ecosystem, managed by the ©SbSe Protocol.

Holding INFI means you have a stake in Inverted Investment.

INFI holders receive a substantial 60% share of the organization's monthly profits, distributed as 50% USDT and 10% Bitcoin, promptly and monthly.

Inverted Investment LLC is a company incorporated in Miami, USA. We are planning to expand our headquarters to Dubai, UAE.

Main Projects

2024

INFI CDEX MultiChain Exchange

Main Features:

- Operates in accordance with the ©SbSe Protocol.
- Offers specialized liquidity management services to mitigate fraudulent activities.
- Implements a price impact limit of over 15% to combat price manipulation during buy/sell transactions.
- Start-up projects utilizing our Launchpad benefit from complimentary services.
- Introduces a Smart Watch Account designed specifically for cybersecurity firms, including Cyvers, Solid Proof, IdoPresales, and Coinsult.
- Traders have the opportunity to earn passive income rewards in USDT through SbSe Trading Rewards on a monthly basis.
- INFI token holders will receive monthly passive income rewards in both USDT and Bitcoin through SbSe PFP, representing 60% of inverted investment profits (with a 24-month staking period).
- Eligibility for rewards extends to a maximum of 12,000 INFI per wallet.
- Additional rewards are available from the Treasury for users who choose to restake for an additional 24 months.
- Users are rewarded after each transaction or trade in Stable Coin

INFI Digital Hybrid eWallet / INFI eBank The Web 4.0 concept / InvertX Stable Coin / INFI Blockchain

Main Features:

- Operates in accordance with the ©SbSe Protocol.
- A digital payment wallet supported by various financial institutions, available on both the Apple Store and Play Store.
- Integrates traditional financial systems with blockchain technology.
- Ideal for storing digital assets such as INFI, Bitcoin, Ethereum, stablecoins, and fiat currency.
- Enables seamless transactions for digital assets and bank transfers.
- Convenient for utility bill payments, online shopping, and currency exchanges.
- Offers users the opportunity to earn monthly passive income in USDT through the Inverted Investment profit-sharing scheme.
- Features zero transaction fees.
