

# About Inverted Investment

  
2024

Inverted Investment is an organization that revolves around INFI holders, steering all the innovative projects. INFI is the internal currency that underpins the entire ecosystem, managed by the ©SbSe Protocol.

Holding INFI means you have a stake in Inverted Investment.

INFI holders receive a substantial 60% share of the organization's monthly profits, distributed as 50% USDT and 10% Bitcoin, promptly and monthly.

**Inverted Investment will become an incorporated company in Dubai following the successful completion of Phase 1 of the INFI ICO.**

# Main Projects

2024

## INFI CDEX MultiChain Trading Platform

### Main Features:

- Operates under the ©SbSe Protocol
- Provides specialized Liquidity Management to prevent fraudulent activities
- Ensures a price impact limit of more than 15% to counter price manipulation in buy/sell transactions
- Start-up projects on our Launchpad can enjoy complimentary services
- Introduces a Smart Watch Account tailored for cybersecurity firms like Cyvers, Solid Proof, IdoPresales, and Coinsult
- Traders have the opportunity to receive passive income rewards in USDT through SbSe Trading Rewards on a monthly basis
- Holders of INFI tokens will receive monthly passive income rewards in USDT and Bitcoin through SbSe PFP, representing 60% Inverted Investment profit (with a 24-month staking period)
- Eligibility for rewards extends up to 12,000 INFI per Wallet
- Additional rewards offered from the Treasury for those who restake for another 24 months

## OpenWebFour Digital Payment System based on WEB4 concept

### Main Features:

- Operates under the ©SbSe Protocol
- A digital payment wallet supported by financial institutions, available on the Apple Store and Play Store
- Connects traditional finances with blockchain technology
- Perfect for storing digital assets like INFI, Bitcoin, Ethereum, Stable Coins, and fiat currency
- Facilitates smooth transactions for digital assets and bank transfers
- Convenient for paying utility bills, online shopping, and currency exchanges
- Provides monthly passive income in USDT through Inverted Investment Profit for users
- set to max 1\$ transaction fees
